While Selena Gomez applauded her mother in a speech on We Day earlier this month as the definition of a strong woman, she may not want to work with her anymore. TIME says Gomez recently fired her mom and stepfather from their longtime position on her management team. Selena, who has reportedly claimed a lot with her people during her recent career choices, now wants to manage an experienced professional with other A-list clients. It's a common rite of passage for children-stars, especially Disney kids, who tend to separate themselves from their people once they grow up and carve out a career in Hollywood's major leagues. The fans felt that the time was not an accident. Please stop with this nonsense, Haley shared with Just Jared in response to a Twitter backlash against her. There's no answer. It's a full BS. Selena Gomez has finally returned to our ears with a new solo single. Lose You To Love Me, and fans have already fallen back into the groove of insane speculation. It didn't help that after the release of a song that about how a broken heart helped Gomez learn to love herself. Hailey Bieber took to Instagram with, shall we say, a happy story. We'll always go into it blindly / I needed to lose you to find me / This dance killed me gently / I had to hate you to love me, texts read reminiscent of Gomez's 2018 single Back To You (We never got it right/ Playing and playing old conversations). However, the most eloquent lyrics in the second verse: I gave all my and they all know that / You abandoned me, and now it shows / Within two months, you replaced us / How it was easy / Made me think that I deserved it / In the thick of healing. It sounds just like Justin moved on with Haley just a while after he and Gomez are believed to have revived things, and it certainly seems that Haley took it that way. After the song was released, she posted a screenshot of a song she listened to: Summer Walker's I'll Kill You. As if it weren't clear enough, the lyrics really drive it home. Don't want any problems, I would like to bitch / Try to stand between us. It won't end up well / You know I love you like no other can / I'd go to hell and back for you. Naturally, the fans went wild. MARRIED THIS GUY TWO MONTHS AFTER HE TOOK SELENA TO HIS FATHER'S WEDDING, AND NOW SHE'S PRESSED THAT SELENA HAS RELEASED THE CLOSING CHAPTER SONG...
